Defendant.)	

**STATUS REPORT OF DEFENDANT’S FILING OF
PETITIONS FOR *INTER PARTES* REVIEW OF ASSERTED PATENTS**

In response to the Court’s Order of September 12, 2022 (Dkt. No. 50), Defendant Keysight Technologies, Inc. (“Keysight”) provides this Status Report addressing additional petitions Keysight has filed with the Patent Trial and Appeal Board requesting institution of *Inter Partes* Review (“IPR”) of patents asserted in this case.

Since its last filing, Keysight has filed three additional IPR petitions challenging the validity of patents asserted by Plaintiff Centripetal Networks, Inc. in this case. Two of those patents (Patent Nos. 10,681,009 and 10,609,062) are not asserted in the parallel ITC investigation. The third challenged patent (Patent No. 10,284,526) is asserted in the ITC. In addition, Keysight expects to file in September an additional IPR petition challenging another patent asserted in this case, but not in the ITC (Patent No. 10,511,572).

As set forth in the table below, once that additional IPR petition is filed in September, six of the eleven asserted patents in this case will be asserted in the ITC and/or the subject of IPR petitions, with **bold** font indicating petitions filed since the briefing concluded on Keysight’s motion to stay:

Patent No.	IPR Case No.	IPR Filing Date	Asserted In ITC?
9,264,370	<i>Not eligible for IPR</i>		Yes
10,193,917	IPR2022-01097	June 2, 2022	Yes
10,681,009	IPR2022-01421	August 12, 2022	No
10,284,526	IPR2022-01525	September 12, 2022	Yes
10,609,062	IPR2022-01535	September 13, 2022	No
10,511,572	<i>IPR petition forthcoming</i>		No

Keysight continues its investigation of prior art relevant to the remaining asserted patents in this case and, subject to the statutory deadline, may file up to five additional IPRs challenging patents that are not asserted in the ITC. Any remaining IPR petitions will be filed no later than January 6, 2023. 35 U.S.C. § 315(b) (IPR petitions time-barred if filed more than one year after service of a complaint alleging infringement). Keysight will promptly inform this Court of any additional IPRs it files.

Dated: September 14, 2022

Respectfully submitted,

By: /s/
